The Humdingers

Acoustic instrument makers, repairers, restorers.

Many amazing luthiers have lost work from cancelled festivals.

Here's a reminder using the Newstead Live instrument makers as a sample - see <https://newsteadartshub.org/current-events/makers-gallery-meet-the-makers/>

Each Hum will include brief information to link you to your maker (of choice). PLEASE send me your luthier suggestions and links.

Tony Calabro has had a long association with Merv and James Cargill. Tony has generously sent sound tracks for "The Hum."

Recognising over 45 years of association with Tony and local guitarists, "Cargill Custom Guitars" are first listed here to launch this new section of "The Hum" newsletter - see

<https://www.cargillcustomguitars.com.au/index-2.html>

Future editions will feature more of these humdinger instruments and makers.
